

Police Community Relations Council (PCRC)

The PCRC is an organization that was formed over thirty-years ago with the vision and goal of simply making Baltimore County a better place to live. The PCRC recruits and seeks the involvement of ALL communities to include: clergy, business people, police officers, social workers, educators and residents. Together we can work towards creating a county wide awareness that addresses the need for mutual cooperation and the understanding of law and order. It is important to develop partnerships that promote, encourage and provide education to resolve problems that arise or exist in our communities.

Meetings held the 2nd Wednesday of the every month (except July)
